Title

Radio Stations Similarities in our School

Curriculum expectations: 0

Resources

- office public address system
- videos found on YouTube

Description, strategies & actions

- describe conversation with Ms. Lung, who pointed out that we have something in our school that's similar to the way a radio station operates > have students guess what this may be
- walk to the office and gather around the PA system
- show students how it works, noting the similarities and differences to a real radio station (e.g. the office can call a specific classroom but a radio station doesn't have the ability to call just a certain house)
- return to the library and show two videos that show a basement radio station with its equipment and a commercial radio station

IS expectations: 0
